

EROSION MANAGEMENT PROGRAM

Erosion Project Application Form

Project Summary

Project Title	
Project Location <i>(address or other descriptor)</i>	
Project Type <i>(select one)</i>	<input type="checkbox"/> Urgent/imminent erosion management project <input type="checkbox"/> Proactive reach-scale erosion management project
Property/Infrastructure Type at Risk <i>(select all that apply)</i>	<input type="checkbox"/> Public Infrastructure <input type="checkbox"/> Private/Residential Structures <input type="checkbox"/> Commercial Structures <input type="checkbox"/> Agricultural Land <input type="checkbox"/> Other:
Brief Description of Activity	
Total Requested Cost	

Does the Project Meet the EMP Criteria?

EMP Criteria	Yes/No	Additional Information
Local Project Sponsor. Does the project have a local sponsor that will develop and manage the project, including acquiring all necessary permits?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
Landowner Agreement. Is the landowner willing to sign an agreement to support a bioengineered solution, allow construction, and commit to maintaining the project over the long term?	<input type="checkbox"/> Yes <input type="checkbox"/> No	
Mitigation Element Maintenance. Is the landowner willing to commit to maintaining mitigation elements, if required, as part of the permitting process?	<input type="checkbox"/> Yes <input type="checkbox"/> No	

Project Sponsor Information

Name of Organization:

UBI:

Federal Tax ID:

Federal UEID:

Statewide Vendor Number:

Project Contact (*name, phone, email*):

Agreement Signing Authority Contact (*name, phone, email*):

Billing Contact (*name, phone, email*):

Additional Project Details

Project Address:	
Project Location GPS Coordinates:	
Erosion Concern and Urgency Description (<i>please attach photographs, maps, or other information to show recent rate of erosion and distance to threatened structures, etc.</i>):	
Types of Project Actions Proposed (<i>please attach maps or concept design information</i>):	
Avoidance/Minimization of Off-Site Impacts (<i>please describe how the project plan will avoid negative impacts to upstream/downstream landowners</i>):	

Budget Details:	
Proposed Timeline and Milestones <i>(use the milestones as applicable from the attached sheet)</i> :	
Permits Likely Required <i>(typical permits include USACE Section 404, HPA, Shoreline Approval)</i> :	
Intended Monitoring or Follow-Up Actions <i>(if the project is funded, what documentation of effectiveness or additional concerns would be provided?)</i> :	

Project Metrics

Please fill in metrics for your project as best understood at this time.

Project Metric	Value
Linear feet of hard armoring removed	
Linear feet of bioengineering installed	
Number of eligible structures protected (per program framework)	
Acres of farmland protected	
Acres of riparian plantings	
Number of pieces of large wood installed	

Additional Funding Information

Does this project have any other supporting funding?

Yes No

Choose the source and type of supporting funding. Add as many sources as needed.

Source	Type	Value
Federal	<input type="checkbox"/> In Kind <input type="checkbox"/> Cash	
State	<input type="checkbox"/> In Kind <input type="checkbox"/> Cash	
Local	<input type="checkbox"/> In Kind <input type="checkbox"/> Cash	
Other	<input type="checkbox"/> In Kind <input type="checkbox"/> Cash	
Sponsor Supplied	<input type="checkbox"/> In Kind <input type="checkbox"/> Cash	
TOTAL:		

Will this funding potentially be used as match for other federal/state/local funding?

Yes No

Please identify each funding type, organization, and program for which this project will be match for. Add as many as needed.

Enter the match amount that will be used from this project:

The type of funding this project will be match for:

Federal	
State	
Local	
Other	

Funding Organization:

Name of Funding Program:

TOTAL:

For Proactive Reach-Scale Projects Only

Landowner(s):	
Assets at Risk:	
Describe site/reach conditions and trends of erosion (attach photographs and maps):	

<p>Will the project address a current or potential habitat or water quality impact (attach photographs and maps)?</p>	
<p>Will the project provide multiple benefits (e.g., reduce erosion risk/damage, benefit habitat, benefit several landowners)?</p>	
<p>Does the project have other funding opportunities or funding in hand already?</p>	
<p>Is the landowner interested in an easement or acquisition?</p>	

Common Grant Milestones

Project milestones may change during the performance period via the process of progress reports. If there are multiple work sites, please specify a completion date for each relevant milestone and work site.

Design Projects

PRISM Milestone
Applied for Permits (if applicable)
Permits Complete
RFP Complete/Consultant Hired (if applicable)
Cultural Resources Complete (if design requires ground disturbance)
Conceptual Design and Design Report to RCO (if not provided at application)
Preliminary Design and Design Report to RCO (if not provided at application)
Final Project Design and Design Report to RCO (if it is a required project deliverable)
Agreement End Date (no match projects must be within 18 months of start date)

Acquisition

PRISM Milestone
Order Appraisal(s)
Order Appraisal Review(s)
Purchase and Sale Agreement Signed
Recorded Land Survey to RCO
Environmental Assessment Complete
Cultural Resources Complete
Acquisition Closing
Recorded Acquisition Documents to RCO
Agreement End Date

Construction

PRISM Milestone
Cultural Resources Complete
Permits Complete
Landowner Agreement to RCO (required if project occurs on land NOT owned by sponsor)
Bid Awarded/Contractor Hired
In-Water Construction Started
In-Water Construction Complete
Riparian/Floodplain Planting Started
Riparian/Floodplain Planting Completed
As-Built Drawings to RCO
