

MULTI-BENEFIT ACQUISITION PROGRAM (MAP)

Please be as thorough and explicit as possible with your justification for how the proposed voluntary acquisition project meets the funding eligibility and evaluation criteria below. Completed forms may be emailed to the MAP Program Manager, Kat Dickey, at kat.dickey@ecy.wa.gov. In addition to this form, the project proposal may require a presentation to OCB staff, who may thereafter ask for additional detail to be added to this form.

Funding criteria

Eligibility Criteria	Yes/No	Please justify
<p>Multi-Benefit. Does the project demonstrate multiple benefits by advancing two or more of the following goals in the Chehalis Basin: 1) habitat restoration, 2) flood damage reduction, and 3) the enhanced viability of working lands, especially working lands in flood-prone areas? (Note an equal emphasis is not required for the goals that are addressed through the project’s concept and design.)</p>	<p>Yes No</p>	
<p>Sponsor-led. Will the sponsor 1) develop and manage the project, including financial management, and 2) lead or identify a partner to lead long-term stewardship and maintenance of any acquired property?</p>	<p>Yes No</p>	
<p>Voluntary. Is the landowner of the proposed acquisition project property interested and willing to sell rights on a purely voluntary basis?</p>	<p>Yes No</p>	
<p>Consistent with local goals and ordinances. Does the project adhere to local ordinances and planning?</p>	<p>Yes No</p>	
<p>Best path for maximum benefits. Does acquisition (fee simple or less than fee) provide a degree of habitat restoration and flood damage reduction benefits that could not be achieved by other alternative project types or activities?</p>	<p>Yes No</p>	

Evaluation Criteria	Yes/No	Please justify
<p>Magnitude/scale of anticipated benefits. Is the project anticipated to have significant and measurable benefits to:</p> <ul style="list-style-type: none"> • Habitat restoration (with documented restoration need at the project site), and/or • Flood damage reduction (with either prior documented flood damage to building structures and equipment or substantial flooding to critical infrastructure [e.g., roads] that poses a significant risk to public safety), and/or • Working lands viability (where agricultural and/or timber practices are intended to be continued and/or initiated at the project site and do not significantly conflict with the habitat restoration or flood damage reduction goals of the Chehalis Basin Strategy)? 	<p>Yes No</p>	
<p>Supported by an existing OCB program. Is the project supported by ASRP, CFAR, Erosion Management Program, or flood damage reduction prioritization processes but was not selected for funding, or only qualified for partial funding?</p>	<p>Yes No</p>	
<p>Matching external funds. Does the project have primary or supplemental funding from other sources outside of the Chehalis Basin Strategy?</p>	<p>Yes No</p>	
<p>Anticipated ease of implementation. Has the project sponsor identified and developed a plan to address issues that would prevent the acquisition from closing? <i>(If so, please describe.)</i></p>	<p>Yes No</p>
